Eterna Bianco Marble Application

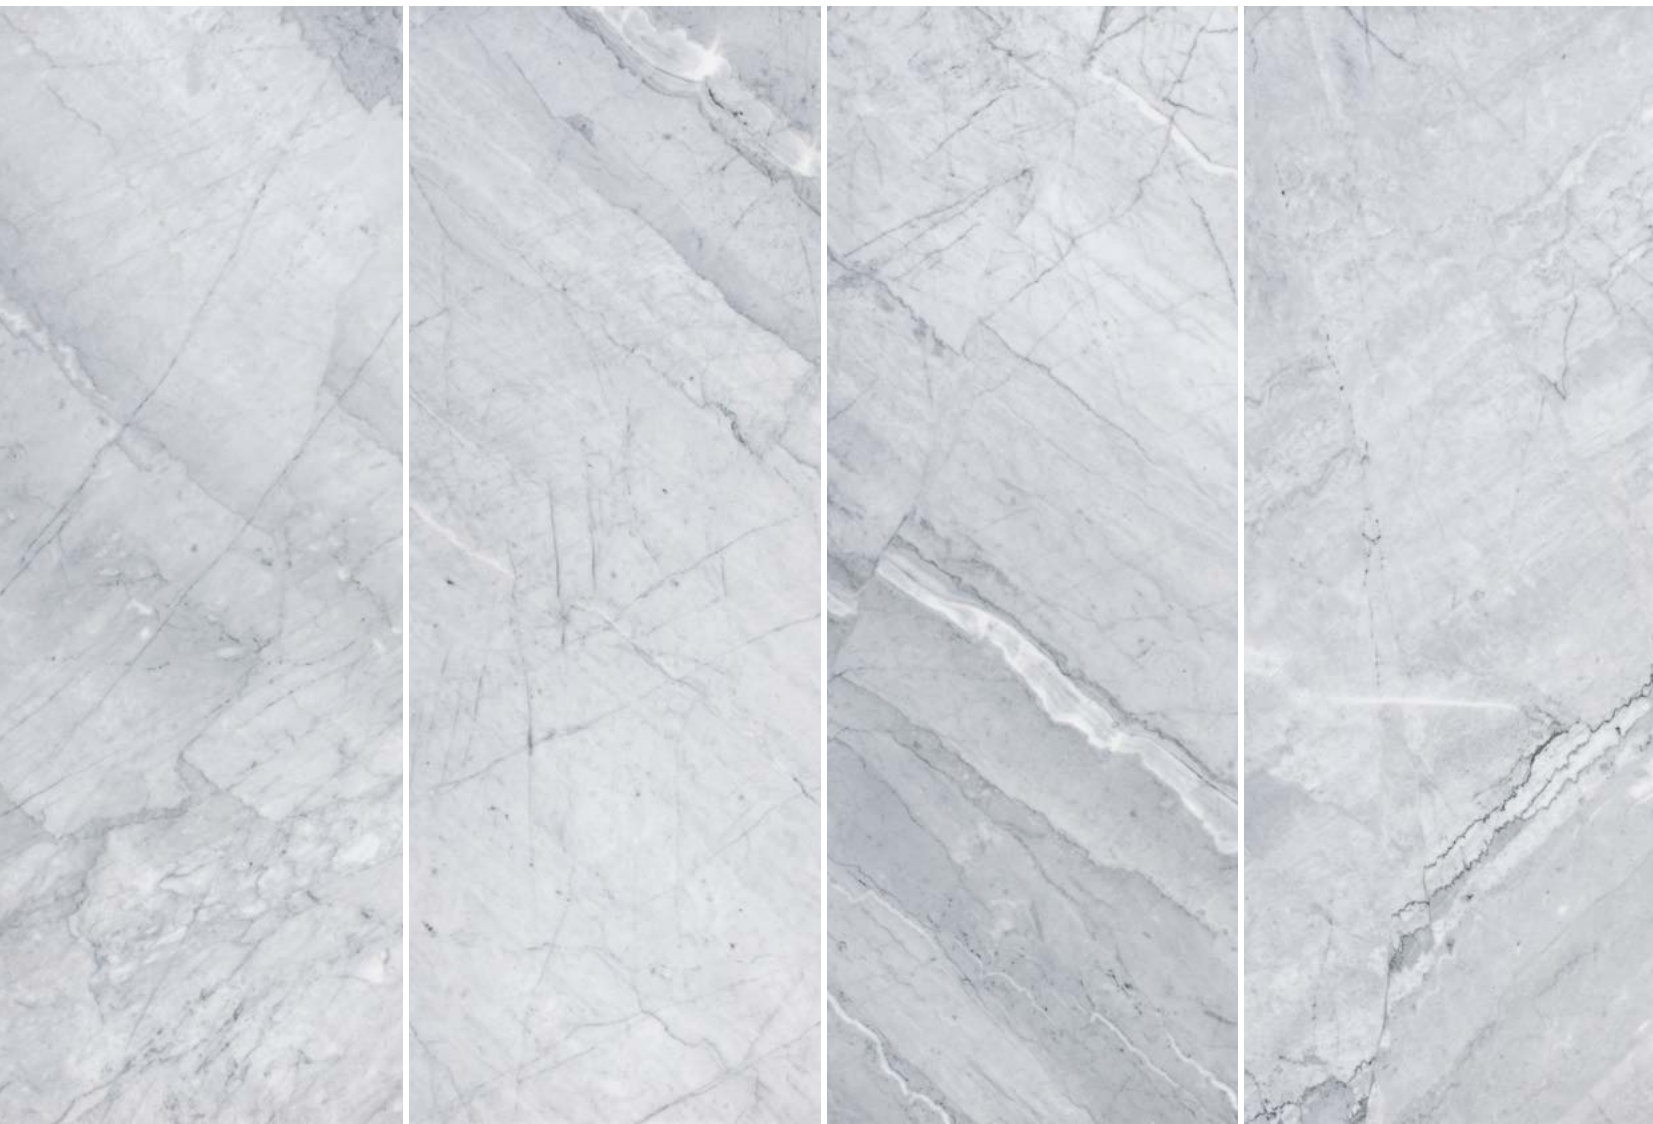

Eterna Bianco, a unique natural stone that evokes the scent of the Mediterranean, adds aesthetics to your indoor and outdoor spaces and removes borders...

A modern interior scene featuring two patterned armchairs, a marble side table, and large white marble floor tiles. The armchairs have a brown and beige plaid pattern and dark wood legs. The side table is made of white marble with a flared top and a tapered base. The floor is covered in large, light-colored marble tiles with a subtle veining pattern. The background shows a window with sheer curtains and a wall with a textured, leaf-like pattern.
